

About the College

Pankaj Laddhad Institute of Technology and Management Studies (PLITMS) is one of the premier institutes of Engineering in Maharashtra leading towards becoming center of excellence in the field of Engineering & Research, since its inception in 2009 the institute has emerged as an educational hub in the region of Vidarbha. From the beginning PLITMS has focused on imparting quality education to cater the demand of Indian Industry of trained manpower with sound practical knowledge and theoretical knowledge. Institute has a core group of professionals, continuously in touch with Industry, understanding their needs and planning the activities in that way. The institute is aiming to become a Global Knowledge Enterprise in the future.

About the Conference

The rapid advancement of Information and Communication Technologies, which has the potential to completely transform how people communicate and interact with one another and with their surroundings. In this context, ubiquitous and intelligent information technologies have lately emerged as a new research paradigm that entails the widespread applications in emerging cyber-physical domains. All academicians, researchers, scientists and scholar students are invited to submit quality papers on the latest developments and technical solutions on ubiquitous and intelligent information technologies.

Call for Papers

Submissions are invited for the International Conference on Ubiquitous and Intelligent Information Technologies (ICUIIT-2021) This is an exceptional platform for researchers, academics, students, innovators, scientists and industry practitioners to discuss current research which is having a new world society. This conference is a good platform to share research, innovations, and best-practices where constructive feedback and engagement with domain experts is expected.

AIP Conference Proceedings

All Accepted Papers of International Conference on Ubiquitous and Intelligent Information Technologies (ICUIIT-2021) will be published in AIP Proceedings which is indexed by Web of Science, Scopus, and Inspec.

WEB OF SCIENCE™

ICUIIT-2021 invites original contributions on all topics including, but not limited to:

- Cloud Computing
- Mobile Computing and Networks
- Embedded Computing Frameworks
- Communication Networking Models
- High Performance Computing
- Pervasive Communication Networks
- Autonomic Computing Models
- Big Data Models and Applications
- Ubiquitous Information Processing Platforms
- Distributed Sensing Models and Applications
- Ubiquitous Information Processing Systems
- Smart Resource Management Techniques
- Peer-to-Peer Computing Models
- Novel Mobility Management Techniques
- Advanced Intelligent Systems
- Internet of Things
- Human-Computer Interaction Models
- Digital Informatics
- Wireless Communication and Storage Networks
- System Information Modelling Techniques
- Artificial and Computational Intelligence Models
- Performance Analysis and Evaluation Techniques
- Intelligent Information Retrieval Techniques
- Mobile Data Management Techniques

- Fuzzy based Optimization Techniques
- Ontology-based Intelligent Information Systems
- Fuzzy based Control and Optimization Models
- Cognitive Informatics
- Energy-efficient and Sustainable Informatics
- Smart Automation Systems
- Security and Privacy of Intelligent Information Systems
- Smart Distributed Information Systems
- Healthcare Informatics and Bioinformatics Models
- AI based Intelligent Information Visualization Techniques
- Intelligent Data Mining and Knowledge Discovery Models and so on...
