1.4.1. Institution obtains feedback on the academic performance and ambience of the institution from various stakeholders, such as Students, Teachers, Employers, Alumni etc. and action taken report on the feedback is made available on institutional website

TO WHOMSOEVER IT MAY BE CONCERN

This is to certify that Pankaj Laddhad Institute of Technology and Management Studies, Yelgaon, Buldhana has implemented a feedback system for taking review on academic performance and facilities provided by the institute as a part of curriculum enrichment and continuous improvement process. Suggestion has been taken from all the stakeholders including teachers, students, alumni and employers to improve the academic performance and teaching learning process and subsequent action has been taken for the same.

Principal

FEEDBACK PROCESS

The Pankaj Laddhad Institute of Technology and Management Studies, Yelgaon, Buldhana always strive to focus towards providing quality education and good ambience. With the objective of achieving the same, the institute has implemented a well-designed feedback mechanism which involve valuable feedback from stakeholders including students, alumni, teachers and employers in every academic year. After collecting the valuable feedbacks, the same has been analyzed and subsequent action has been taken for overcoming the lacuna if any. The details of the stakeholder feedback is discussed below.

A. Stake Holders

1. Internal Stakeholders

The institute believe in giving highest priority to students and faculties who are in direct concern of complete teaching-learning and ambience. They derived as the internal stakeholders and their feedback always being valued for continuous improvement process.

2. External Stakeholders

The Pankaj Laddhad Institute of Technology and Management Studies, Yelgaon, Buldhana always keen to take a review from external stakeholders like alumni and employers who are presently not in direct concern with the academic performance and college ambience but whose feedback would definitely help in improving the same. In order to take a feedback about the performance of our graduated who are working in various companies, we have circulated the employer feedback form among the students and request them to let their employer give the valuable feedback about their performance which is a direct output of quality teaching.

The employer feedback is very helpful to the institute as it directly reflects the standard of teaching and training given to the students to make them technically and ethically sound. In the same way alumni are those who have actually gone through all the know-how of the institution. Every year we take feedback from the alumni and ask them to give suggestions which help us to improve in any of the way.

B. Objectives of the Feedback Collection Mechanism

- To formulate a well-designed feedback system.
- To systematically collect the feedbacks from all the stakeholders.
- To review and analyze the complete feedback collected.
- To prepare a plan of action and take the actions for those parameters who are not matching the standards.
- To initiate the action for quality improvement.

C. Student's Feedback on Faculty

The student's feedback on faculty including completion of syllabus, preparation of lectures by teachers, delivery of lectures, approach of teacher towards problem solving issues etc. has been collected at department level. The feedback is communicated confidentially to the Head of the department and the HOD will individually call the subject teachers for review of the percentage feedback they received. This will give good opportunity to the teacher to upgrade themselves in teaching learning process for quality improvement. More than 70% of the teachers usually get more than 80% of the average feedback. Those teachers who fails to achieve the good percentage feedback are then intimated to prepare well during appraisal process and guided to improve their performance.

D. Alumni Feedback

The valuable feedback from the pass out graduates will always influence the institution's overall growth. We follow the practice of taking a feedback from the alumni whenever they visit the college. Every year the feedback also collected through google forms. Similarly, the alumni meet is organized where students come voluntarily to give their suggestions, thoughts and experience with the teachers and college authorities.

E. Parents Feedback

The institute believe in taking valuable feedback from Parents too. Every year the parents meeting is organized at departmental level where the parents are required to share their insight and review about the college. Some of the points to be focused as follows:

1. Infrastructure facility provided by the college.
 2. Teaching-Learning facilities and Library.
 3. Approach of teaching staff to mentor students.
 4. Academic and other discipline.

EVALUATION OF TEACHERS BY THE STUDENTS
FEEDBACK I (ODD Sem)
Department of Computer Science and Engineering
Session : 2020-21

Semester : Fifth
 Subject : Communication Skills
 To,
 Prof. B.V.Chavan
 Dear Sir/ Madam,

Date : 27/08/2020

You have taught the subject C-SKILL of 5th semester during the session 2020-21 to make the teaching process more effective, feedback from the students is taken. The Your evaluation as per the students feedback is as follows, objective of this feedback is to assist the faculty to diagnosis the shortfall so as to make the process of teaching - learning more effective
