

7.2.1 BEST PRACTICES

Best Practice-1

Title: - Teacher Guardian Scheme

1. Objectives of the Practice

1. To strengthen bonds of appreciation and affection that exists between staff and students.
2. To provide guidance to students in their study habits and help them to be more focused to set academic target and reduce their grievances.

2. The Context:

A significant decline in enthusiasm to attend lectures was observed by teachers which they thought could be attributed to general indiscipline among students. However, the results of survey revealed shows majority of our students lacked requisite motivation to pursue the courses with kind of seriousness they deserved. Students just by having opportunity to talk with about their problems get helped and feel less stressed.

3. The Practice:

Every faculty is entrusted with task of mentoring 15-20 students. Initially questionnaire is used to elicit information from students with regard to their personal details. Each student meets his/her Teacher Guardian regularly. Issues which arise are looked into with an adequate level of seriousness. After each month Teacher Guardian session is held to monitor progress in implementation of goal. Finally report is prepared by each department which is tabled and submitted for necessary action.

4. Evidence of Success:

Students are counseled to become better human beings and advised. Academically weak students are given special attention and guided. Socially and economically disadvantaged students are supported with scholarships, fee reimbursement and concession facilities.

5. Problem encountered and resources required:

1. Continuous workshops and Expert counseling needed to orient student and parents
2. Time and commitment of the faculty.

6. Teacher Guardian Scheme:

- 1) One guardian teacher for 15 to 20 students.
- 2) To introduce him/her to senior students
- 3) To campaign against ragging.
- 4) To enlighten the students on professional ethics and conduct.
- 5) To ease the trauma of transfer to a new place.
- 6) Teacher guardian monitors academic performance of students.
- 7) Poor performance of students is improved by way of counseling.
- 8) If required, teacher guardian calls the parents by phone on the basis of monthly monitoring. Direct telephone lines in the office and SMS system through cell phone is made available. Toll free number facility has been provided by the college to have free communication from parental end to college end.

- 9) Progress letters are generated and informed to parents every month to have the awareness of their wards related to academic performances.
 - 10) In addition to this there is a facility to have immediate communication to the students through emerging technology through social media like Whatsapp etc.
 - 11) Teacher guardian solves the domestic problems of students.
 - 12) In consultation with HOD, teacher guardian gives academic work/assignments to student for improvement of academic performance of student.

Best Practice 2:

Title: Green and Clean Campus

1. Objectives of the Practice:

1. To create awareness and social obligation relating to environment protection and its maintenance.
2. Making campus clean and plastic free and other hazardous free substances.

2. The Context:

The Institute is very conscious towards conservation and safety of environment. Nurtures plants and greenery both inside and outside of the campus. All classrooms and Library of the Institute are well structured with natural illumination. It supports conservation of environment and joining the movement against pollution ozone layer depletion.

3. The Practice:

The college has always tried to make green and clean campus and continuous steps are taken towards it. From the various event and programs which tries to create environment consciousness making ecofriendly environment.

4. Evidence of Success:

The college has 'NSS' and Green Army units which conducts activities related to green and clean campus. A large numbers of tree species have been planted in college campus for making the green campus.

5. Problem encountered and resources required:

Green Army and NSS students have planted 100 samplings in the campus and they have planted approximately 500 samplings nearby Bandana .In recent times, students have designed a campus clean drive under Swachhata Bharat Abhiyaan. The college have dream to make such awareness throughout region, state and national level that will need public participation and government funding.

We do have several other best practices like Free of cost Book bank facility, Cellular Organizational Structures, Dress Code with ID, National Anthem, Scholarships to toppers and Meritorious students of University list.
